ATTORNEY GENERAL PRATT deserves the thanks of the people of the state for his efforts to prevent the \$1,323,999 of war claims just paid to the state from being used for political purposes.

An entire block of brick street in Covington will probably have to be reconstructed. The street was built over a new sewer and is caving in. The reconstruction will have to be made by the contractor, as he gave bond to keep it in repair for five years. That's what must be done when Maysville builds brick streets—make the contractor give a gilt-edged bond to keep his work in proper shape for a term of years.

THERE were anti-Expansionists during Mr. Lincoln's Administration, just as there are now. The purchase of Alaska was severely criticised. In the last six months of 1902 that territory imported from the United States \$3,418,942, and exported to this country \$24,989,188. The total trade of Alaska, foreign and domestic, for the six months referred to amounted to \$30,792,658, more than four times as much as was paid for the territory.

Buffalo Bill has written to President Roosevelt calling attention to the necessity for protecting the timber and underbrush on the Western watersheds from sheep.

George Hossey, a Negro "herb doctor," is in jail at Philadelphia, charged with wholesale murder. The police have directed the opening of thirty-four graves for the purpose of proof. According to the stories told by officers, there will be evidence to show that men were slowly disposed of by their wives through the desire to make room for others who had supplanted the husbands in their affections. Other men were killed for the purpose of collecting insurance money, and it is promised that other motives will be shown that will startle the world. The detectives declare that all the women who will be involved are not of the lower class, and there is the keenest sort of interest in the developments of the celebrated case.

BUSY MEN.

Should Weigh This Question and Profit By a Maysville Citizen's Experience.

A lame or aching back is a handicap. Drive the ache away and make work a pleasure. Learn what backache means. Learn that the backache is kidney ache.

Learn how to shake it off. Read how a Maysville citizen did it. Mr. Frank Burgoyne of 331 East Third street says:

"Greater praise cannot be given Doan's Kidney Pills than their wonderful merit deserves. I procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. The use of this remarkable remedy demonstrated beyond question that if taken properly a cure surely will follow."

For sale by all dealers. Price 50c. Mailed by FOSTER-MILBURN CO., Buffalo, N. Y. Sole Agents for the United States. Remember the name—DOAN'S—and take no substitute.

THE LEDGER tenders its sincere condolence to Editor J. D. WYATT of The Ewing Inquirer on account of his sad bereavement. His good wife has laid down the cares of earth to take up the joys of eternal life. May this hope serve to lighten his sorrow.

The Chicago Stockyards and Transit Company has secured articles of incorporation, with a capital of \$200,000. It is asserted the capital will be increased \$2,000,000 in the near future, and the Company will go into the live stock industry as a competitor of the Union Stockyards and Transit Company. This bears out THE LEDGER's oft-repeated contention that the only absolute "monopoly" is that which is protected by a patent, giving it the exclusive right to make and sell a specified article. So far as "corporations" are concerned—even the gigantic Steel Trust, or the Standard Oil Trust, or the Sugar Trust—all that is necessary to produce competition is for the other fellow to put up an equal amount of money—and wade in.

Political Pickings

NO ANSWERS NEED BE FILED.

Lexington Herald.

If Mr. Yerkes had been declared elected in 1900 and had entered upon the discharge of his duties and served out his term and the Republicans had renominated him for the term succeeding the one to which he had been elected and during which he had served as Governor, does any one believe that the distinguished ex-Chief Justice and equally eminent Democratic lawyers and the erudite followers and Constitutional jurists who desire—solely from motives of patriotism—the election of Governor Beckham, would have found any difficulty in so construing the Constitution as to render Mr. Yerkes ineligible? We are too deferential and too polite to ask an answer.

WEAK, NERVOUS, WORN-OUT WOMEN.

Bloodless, Irritable, Despondent Women,

Subject to all sorts and varieties of nervous troubles, the result of uterine and ovarian derangements find a Positive Cure

DR. A. W. CHASE NERVE PILLS

A medicine that goes to the root of the trouble, and cures to stay cured by nourishing the impoverished nerve centers and resupplying the nervous energy.

The world is full of women whose daily life is one long struggle against diseases peculiar to their sex—whose days and nights are full of quiet, patient suffering. The head the seat of pain and pressure; the result of nerve depression and physical weakness brought on by uterine or ovarian trouble—the nerves on edge—inclined to laugh or cry at anything—no ever present dragging in the back, hips and limbs—a feeling of utter weariness—irritability and despondency. To these people the Dr. A. W. Chase Nerve Pills are of incomparable value, having as they do the power to rebuild, to reinvigorate and resupply every organ, every nerve, every muscle with the lost energy, and to insure a complete return to health, wealth and vigor again.

ALL WORN OUT.

Mrs. Elsie Fisher of No. 43 Main street, Oneonta, N. Y., says: "Last summer I was in bad shape—my run-down health—no appetite and poor digestion—I did not sleep well and felt tired and languid all day. I was pale and the circulation was poor. I doctored all summer with no improvement. Seeing Dr. A. W. Chase's Nerve Pills recommended, I got a box and used them, and they wonderfully cured me—no more dizziness or headache—sleep sound and refreshing—appetite good—digestion perfect—blood rich—circulation good—color excellent, in fact vigorous and strong in every way. I can't speak too highly of the medicine, as it certainly is a grand one."

WEAK AND NERVOUS.

Mrs. John Bailey of Jackson street, Penn Yan, N. Y., says: "I was told that Dr. A. W. Chase's Nerve Pills were a great nerve medicine, and as I needed one badly, I got a box. My nerves were very weak. I lacked ambition and strength and my heart action was very weak. I used the Pills as directed and they made my nerves quiet and steady, the heart action strong and regular and the appetite good, my sleep became restful and I feel altogether like another person. I think as a remedy in female complaints as well they are grand, curing headaches and heavy, dragging feeling rapidly and easily. This I know from experience, and I am glad to recommend them."

Oliver

Gave to the world the Chilled Plow. The magical word Oliver is a guarantee of quality.

Mr. Oliver still controls the chilling process that has made the Oliver Plows so famous. Every genuine Oliver Plow Point or other repair has Mr. Oliver's name stamped upon it, and this name certifies that that piece is double chilled and will scour free and last almost twice as long as a part chilled in the imitation way. Notice one peculiarity of an Oliver Plow: Note this well, for it means much to you—An Oliver Point also includes the Cutter. When you put on an Oliver Point you have an entire new cutting surface; you virtually have a new plow. Upon other plows the point and cutter are separate, and you have to buy two parts at double the expense to secure a new cutting surface. Remember this, please: Oliver parts all fit nicely. An Oliver Point fits just as nice as the first one that was put on the plow. Oliver Mouldboards, Standards, Landsides all fit; your Oliver Plow works just as nicely when it is ten years old as it did the first year. We ask you to candidly say if this is the case with any other plow on earth. When you spend your money get all you can for it. The most value that a man gets in anything is an Oliver Plow. Oliver Plows are absolutely guaranteed.

Where the Burley Grows

KENTUCKY-OHIO WHITE BURLEY FIELDS.

Mason county is the birthplace of White Burley Tobacco, now ranking as the highest type of that great commodity, and within a few years its successful culture has extended to six counties in this state and six in the neighboring state of Ohio—those counties in each state being indicated by the shading on the above map.

Figures compiled by the United States Government show that during 1901 the six counties comprising the richest section of Kentucky's White Burley Tobacco District produced 23,036,433 pounds of tobacco which sold for \$1,474,186. The table giving the production of each county is as follows:

County	Acres	Pounds	Value
Mason	8,703	8,856,621	\$1,113,357
Flaming	3,151	3,992,000	237,100
Robertson	1,830	1,400,000	91,000
Lewis	2,408	1,830,871	198,849
Nicholas	1,241	1,030,100	261,000
Bracken	6,193	5,040,000	325,100
Totals	27,161	23,036,433	\$1,474,186

These figures show what a big percentage of tobacco this small territory gives to the world each year. These counties make up Kentucky's division of the District which is said to produce the finest quality of Burley tobacco grown. The growers of this District exhibit samples of their tobacco every year at the Mayville Tobacco Fair. These Fairs have proven to be a most successful institution in that they have encouraged the growth of tobacco as an industry and have excited a lively contest among the growers, who endeavor to excel each other in producing the finest samples of the weed.

The fourth of these Fairs was held on the 21st

of February, and is now a matter of history. The Fifth Annual Fair will be held Saturday, February 20th, 1904.

To the citizens of Mayville this means much. Preparations should be made during the summer to make this occasion the grandest event that has ever taken place in our city.

By means of this annual gathering, Mayville has become favorably known to all sections of this great country of ours. The leading newspapers of Kentucky, and in fact all of the states East of the Mississippi, have been very generous in their space devoted to the praise of the Mason County District as the banner burley producing District of the world.

This much to the citizens of Mayville and Mason county. To the citizens of Kentucky, and the adjacent territory in the state of Ohio, which is devoted largely to producing White Burley, let us say that no event in the history of our two states has done so much to advertise in a favorable way the tobacco growing interests as have the four Tobacco Fairs which have been held in the city of Mayville. This is true, then there is not a farmer who grows tobacco but who should make it a point to have a sample ready for the Fifth Annual Fair.

The farmers of Mason county should be specially desirous of maintaining the reputation which they have gained for surpassing the world in the production of White Burley. Premium samples which will be exhibited at the Fifth Fair will be taken to the Louisiana Purchase Exposition at St. Louis, and the name of the owner placed upon each in such a prominent place that all the visitors who attend that great Exposition will know by whom they are produced.

Only growers will be allowed to compete, and competition is open to the world.

Let everybody prepare to make the fifth event more successful than any of its predecessors.

Ebenezer Presbytery (South) convenes April 21st at Catlettsburg.

Beckle Parks, aged 34, who for some years has been an inmate of the Fleming County Infirmary, died Sunday night of smallpox. Out of about 150 cases of smallpox in Fleming county within the past three years, this is the first death, and it was the result of age more than of the disease.

The river continues to fall at this point.

The Neoma will be up for Pomeroy tonight.

The Keystone State will pass down tonight from Pittsburgh.

The Henry M. Stanley from Pomeroy will pass down tonight.

The coal shipments out of Pittsburgh Monday were 650,000 bushels.

The towboat W. H. Flint, which sunk at Louisville last week, will be raised.

The Sprague will get away from West Louisville today with the biggest tow on record. It will consist of 36 boats and 10 barges of coal and 4 cargo barges of steel. The latter will weigh 50,000 tons, and the total amount of coal will be 1,050,000 bushels.

The City of St. Louis, formerly one of the St. Louis Anchor Line fleet, is to be sold at United States Marshal's sale at Memphis to satisfy claims against her in behalf of employees. The City of St. Louis was built by Captain Ed. J. Howard, and is one of the finest boats on the Mississippi river.

Emma Ferrell has entered a protest at Cincinnati against the report of Special Master Cowen in the matter of the sinking of the Dick Brown. She insists the evidence given in the case is against the finding that the Brown was in a fit shape for navigation, and that she had competent officers and that the owners were not to blame for the loss of the boat. The plaintiff asks the Court to investigate and to allow her full damages for what she lost on the boat.

A Court decree has been issued in the case of the Monongahela River Consolidated Coal and Coke Company vs. W. C. Jutte. The decree issued Saturday was in favor of the company, and restrains Jutte from mining, selling or shipping coal on the Monongahela river for a period of ten years from October 1, 1899. When the Monongahela River Coal Combine was formed by numerous operators in 1899 all signed contracts not to operate in any way in the coal business on the Monongahela, Ohio or Mississippi rivers for ten years. Suit in equity was entered by the Monongahela Company when W. C. Jutte began to operate, and thus broke the contract. The Court could take no jurisdiction in the case outside the state limits. Most Pittsburgh operators express themselves well pleased with the decision.

I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for it know you deserve it."

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.
